

MADEAUX

by Richard Smith

A photograph of a room interior. A white doorway frames a view into a sunlit area. On the left wall, a white lamp with a black decorative base is mounted. The room beyond the doorway has orange and white patterned curtains. A small, round, light-colored wooden table with a turned pedestal stands in the center. On the table are several books and a large, textured, spherical object. A white lamp with a white shade is on the table. To the right, a white fireplace mantel holds a small potted plant. The floor is made of dark, rustic wooden planks. A dark wooden chair is partially visible on the right.
